

# Tolan Trudeau

Currently Learning Artificial Intelligence | Full-Time at SiteVue AI

Franklin, Tennessee   tolantrudeau@gmail.com   linkedin.com/in/tolan-trudeau-5543763b4

---

## SUMMARY

---

Hands-on learner with 8+ years of experience around computers and 4+ years in the workforce, starting at age 14. Currently working full-time at SiteVue AI, learning to code and build AI-powered systems through vibe coding. Background spans construction, food service, and customer-facing roles — bringing a strong work ethic, adaptability, and problem-solving skills to every challenge. No college degree — everything learned through real-world experience.

## WORK EXPERIENCE

---

### Artificial Intelligence Employee

Jan 2026 - Present

SiteVue AI | Full-time

Franklin, Tennessee

Learning to code and build AI-powered systems. Currently vibe coding — using AI tools to develop websites, automation systems, and applications while picking up programming fundamentals hands-on. Also gaining experience in manufacturing and hardware skills like soldering.

AI Systems   Vibe Coding   Web Development   Manufacturing   Soldering

### House Remodeler

May 2025 - Mar 2026

Phoenix Homes | Full-time

Franklin, Tennessee

Learned how to operate power tools, handle demolition work, and solve problems on the fly during full home remodels. Built strong teamwork skills working alongside experienced crews and developed a solid foundation in manual labor.

Power Tools   Problem Solving   Demolition   Manual Labor   Teamwork

### Food Service Worker

Aug 2024 - Apr 2026

Icepoint Cafe Poke and Ramen | Part-time

Developed strong customer service and communication skills working directly with customers. Learned how to handle conflict resolution, operate POS systems, and stay efficient in a fast-paced kitchen environment.

Customer Service   Conflict Resolution   POS Systems   Communication

### Car Wash Attendant

Jun 2020 - May 2022

Autoglam | Part-time

First job at 14 — learned the value of showing up, working hard, and being reliable. Built teamwork skills working with a crew and got comfortable with physical, hands-on work from day one.

Teamwork   Manual Labor   Reliability

## EDUCATION

---

Started working at 14 while still in school. Graduated and chose hands-on experience over college.
